

GRUMMAN
Built to Last

Grumman Side Console

The "Oneida 16"

Shown with optional third pedestal and seat

The "Oneida" is the perfect choice when you're ready to do without compromise. It's our ultimate offering for serious fishing or just plain cruising fun. Quiet as a summer breeze, our deep, five-keel hull design makes for a more stable, smooth, chop-flattening ride. And luxury comes standard with plenty of comfortable seating and your choice of plush or textured floor coverings. Fishermen will appreciate the lockable rod storage, 12 volt trolling motor receptacle, bow casting platform and aerated livewell. A tough boat, designed and built from the keels up to give you years of great performance, the Oneida 16 is all Grumman and represents the top of our model line.

Features:

- Stainless steel ski eyes
- Bow mooring cleats
- Heavy duty bow and stern castings
- Choice of plush royal blue or marble gray marine carpeting or silver-gray vinyl textured floor covering
- Two pedestal seat assemblies with three bases
- Drivers seat with under seat storage
- Bow storage compartment
- Latching hatch covers
- Lockable rod storage
- 12 volt trolling motor receptacle
- Storage for two 6 gallon fuel tanks
- Bow aerated livewell
- Bilge pump
- Navigation lights with storage clips
- Dash console with tinted windscreen, switch panel and speedometer
- Acrylic urethane Pearl Gray exterior hull finish
- Acrylic enamel semi-flat White Linen interior hull finish
- Deluxe side-graphics package
- Conveniently placed "cozy" sized drink holders
- "Tall Tale" measuring tape

Hull Gauge	.080"

Grumman Family Fun Boat

The Owasco 16

The Owasco 16, sister hull to our Oneida 16, is the perfect blend of a fishing, cruising, skiing, all-round family fun on the water machine. With a unique interior that provides for comfortable bow seating for the kids (or adults) with plenty of underseat storage, a port side back-to-back fold down tanning lounge, that in it's upright position, provides for comfortable rear facing "skier spotting", and a spacious 19 gallon aerated livewell under and behind the driver's seat for the fishermen in the family. The Owasco 16 truly offers "something for everyone", and it's all topped off with that famous Grumman stable, chop-flattening ride.

Grumman Split-Seats

The "Cayuga" Series

Shown with optional fold-down chair

The Cayuga Series combines the rugged dependability of our 14 and 16 foot Seneca V hulls with the convenience of built in livewells / baitwells and the wide-open roominess of the flat floored classic split-seat design. Floors are covered in your choice of silver-gray textured vinyl flooring or plush royal blue or marble gray marine carpeting. The Cayuga 14 is the perfect choice for flat floored fishing fun on a budget. Or choose the upscale Cayuga 16 for standard features which include switch-paneled livewell aeration pump, bilge pump, and navigation lights. Either way, you'll love the freedom of movement afforded by the Grumman Cayuga Series!

Standard Features:

- Tall transom (20")
- Stainless Steel Bow Eye
- Heavy duty bow and stern castings
- Vinyl or carpet covered upper bow deck
- Starboard side seat box with storage
- Rod holders
- Deluxe side-graphics package
- Acrylic urethane Pearl Gray exterior
- Acrylic enamel semi-flat White Linen interior
- Conveniently placed "cozy" sized drink holders
- "Tall tale" measuring tape

Grumman Utility V's

The "Seneca" Series

Practical, durable, and dependable define the Grumman Seneca Series. With their all-welded seams, heavy-duty extruded gunwales, transom caps and multiple longitudinal keels, these marine alloy aluminum boats are built "Grumman-tough". And aluminum is one of the lightest practical structural materials (something Grumman learned years ago in the aircraft industry). This makes your new Grumman lighter than a wood or fiberglass boat of comparable size so you'll go faster and farther on a gallon of gas. Lighter weight means easier towing, too. Less fuel. Less motor. Less wear and tear on your vehicle. All adding up to superior performance and value on and off the water. Whether you're a novice angler or you've been drowning worms for years, Grumman has the Seneca Utility V that's perfect for you!

Standard Features:

- Strong, corrosion resistant stainless steel bow eye
- Acrylic urethane Pearl Gray painted outer hull for long lasting beauty and durability; acrylic enamel semi-flat White Linen painted interior for reduced glare
- Stainless steel fasteners
- Foam filled seats for level flotation
- Unique structural bulkheads built under seats provide strengthened rigidity while eliminating the toe-stubbing "ribs" found on other boats
- Heavy duty cast handles provide convenient hand holds
- Oarlock sockets are positioned for comfortable , efficient rowing
- Easy-access transom plug
- Conveniently placed "cozy" sized drink holders
- Handy 36 inch "Tall tale" measuring tape decal installed in every Seneca

Optional Features:

- Console kit for Seneca 14 and Seneca 16
- Floorboard kit for the Seneca 14 and Seneca 16
- Battery tray Holder for Seneca 16
- Deluxe fold-down Grumman Chair with mounting bracket and swivel
- Deluxe side-graphics package

Grumman Jon Boats

The "Otisco" Series

Based on the old adage that "if a job's worth doing, it's worth doing well", the Grumman Otisco Series Jon Boats are built with the same attention to detail, fit and finish as our top-of-the-line V bottoms. In fact, they're crafted by the very same folks! Each seam-welded, one-piece hull is constructed of 5052 marine grade aluminum for unyielding strength and long life. So whether you're enjoying the serenity of a quiet backwater or tucking into your favorite duck blind, you can count on the famous Grumman strength and reliability that we build into each one of our Otisco Series Jon Boats.

Standard Features:

- Strong corrosion resistant stainless steel bow eye
- Finished in semi-gloss Olive Drab for easier clean up while maintaining good "hideability"
- Dual bow and stern handles for easy lifting
- Heavy duty extruded ribs extend up the side for improved hull rigidity
- Extruded heavy gauge aluminum gunwales and transom cap for superior strength
- Stainless steel fasteners
- Foam filled seats for level flotation
- Oarlock sockets are positioned for comfortable efficient rowing
- Easy-access transom plug
- Conveniently placed "cozy" sized drink holders
- Handy 36 inch "Tall tale" measuring tape decal installed in every Otisco
